

WILDLIFE HABITATS OF THE POCASSET RIVER ACEC

This map is intended to be used with the written boundary description contained in each ACEC designation document. The map is not to be used by itself for definitive ACEC boundary delineation or regulatory interpretation. For review of site specific projects within the ACEC boundary, determinations need to be made in the field or in consultation with ACEC Program staff. June, 2003.

Approximate shellfish habitat is based on draft maps made in 2003 by the Division of Marine Fisheries and based on historical information and interviews with local shellfish officers.
